William Poole, Esquire
Potter, Anderson and Corroon
Delaware Trust Building
Wilmington, Delaware

Dear Bill:

I am pleased to learn that we have finally completed the arbitration proceedings with regard to a final payment to Land Redevelopment Company in closing out our arrangement for the landfill at Tybout's Corner. Our check in the amount of \$59,200 is enclosed. I am also enclosing the executed release based on the decision of the arbitrators and one copy.

Our relationship with your client and with you throughout the life of the contract and indeed during its negotiation has been at times a stormy one, but I feel that we did a good job for the taxpayers in selecting Mr. Ward's organization and that he did a good job in operating the facility. I feel that the award is a fair one, and I want to thank you both for your patience in concluding both the operations and the negotiations.

Cordially yours,

Bill Conner
